Business Support on Your Doorstep

## What is it?

Enterprise Europe Network invites you to participate in pre-arranged 20 minute B2B-meetings on the fairground.

## How does it work?

You simply need to register, present your company, your technology and your cooperation expectations online. Then select partners of interest to you from the event market place. We will create an individual meeting schedule for all participants.

## Who is offering this?

Enterprise Europe Network is a network of business support agencies across Europe. Funded by the European Commission, the Network provides services for local SMEs, universities and research on competitiveness & research & innovation in Europe and beyond.

The event is free of charge for you.

## Why should I participate?

- Pitch, flash, screen project/services
- Expand your professional network
- Establish cross-border contacts for long-term business or research partnerships
- Present, discuss and develop new projects at international level

## Who can participate?

- Game developers
- Publishers
- Investors
- Service providers
- Business support services
- Universities, research institutions
- Others

## Supported by:
