

# Graphene Commercialisation; from Prototypes to Products

Conference, Showcase and Brokerage Event

Cranfield, UK - 4<sup>th</sup> and 5<sup>th</sup> September 2017

This free international Graphene conference, showcase and brokerage event is taking place at Cranfield University in the UK on Monday 4th and Tuesday 5th September 2017. **Free to attend** by advanced registration this event is organised by [Cranfield University](http://www.cranfield.ac.uk) along with support from the [Enterprise Europe Network](http://www.enterprise-europe-network.org).

Cranfield University is inviting all companies – micro, small, medium and large; spin outs and start-ups; together with research institutions and members of the public, to present their work on applications of graphene, especially those at an advanced level of commercial development, with prototypes tested and products nearly or already available on the market.

On the first day, **Monday 4th of September**, key developers in the field will describe the current state of the material science, and those with advanced level prototypes or products will give short presentations and demonstrations (the agenda will guide people on site). On the second day, **Tuesday 5th of September**, there will be sessions on funding and investment, B2B brokerage meetings, and practical support for new companies meeting the challenges of commercialisation from prototypes to products. **See the full agenda overleaf.**

Participants will include government representatives, policy makers, industry partners, investors, grant providers, and potential customers interested in progress on graphene and the current availability of graphene technology.

The event is **free to attend**. Free **exhibition tables are available** to those wishing to showcase graphene products and graphene technology, but space is limited, so please register early. Please use this opportunity to demonstrate how the use of graphene is likely to transform even the most mundane aspects of our lives.

**Register now** for this free 2 day conference at <http://www.cranfield.ac.uk/grapheneconference>  
**For further information** contact Professor Krzysztof Koziol, [k.koziol@cranfield.ac.uk](mailto:k.koziol@cranfield.ac.uk)

**To book meetings** with other delegates register at <https://graphene-match.b2match.io>  
*If you need help* contact John Christopher, [j.christopher@eeneast.org.uk](mailto:j.christopher@eeneast.org.uk) or +44(0)7799 060400

## **Graphene Commercialisation; from Prototypes to Products**

Monday 4<sup>th</sup> and Tuesday 5<sup>th</sup> September 2017

[www.cranfield.ac.uk/grapheneconference](http://www.cranfield.ac.uk/grapheneconference)

Cranfield University, Bedfordshire, UK

### **CONFERENCE DAY 1 - Monday 4<sup>th</sup> of September**

08:30 Registration

09:15 Opening address - *Prof. Sir Peter Gregson, VC Cranfield University*

09:30 Welcome - *Prof. Krzysztof Koziol, Head of Enhanced Composites and Structures Centre, Cranfield University*

09:45 Graphene in the aerospace industry - *Javad Anzalchi, Airbus Space and Defence*

10:05 Manufacturing 2075 - *Prof. Rajkumar Roy, Director of Manufacturing, Cranfield University*

10:25 Coffee break

11:00 **6 presentations from graphene companies**

12:00 Lunch and **visits to exhibits**

13:10 EPSRC - *Ian Hickman, Portfolio Manager graphene and carbon nanotechnology, EPSRC*

13:30 From academia to industry - *Prof. Andrea Ferrari, Director, Cambridge Graphene Institute*

14:05 Supporting graphene entrepreneurship - *Dr Oksana Koryak, Bettany Centre for Entrepreneurship*

14:25 From lab to market - *Dr. Francesco Bonaccorso, Istituto Italiano di Tecnologia*

14:45 Graphene standards - *Dr Katerina Busuttil, Standards Publishing Manager, British Standards Institution*

15:05 Graphene safety and handling - *Dr Steve Hankin, Director of Analytical Division, Institute of Occupational Medicine*

15:25 Coffee break

15:55 Graphene metrology - *Dr Andrew Pollard, National Physical Laboratory*

16:15 **6 presentations from graphene companies**

17:15 **Visit to Exhibits**

19:00 **CONFERENCE DINNER** – contact *Prof. Krzysztof Koziol* at [k.koziol@cranfield.ac.uk](mailto:k.koziol@cranfield.ac.uk)

### **CONFERENCE DAY 2 - Tuesday 5<sup>th</sup> September 2017**

09:00 Welcome - *Prof. Krzysztof Koziol, Head of Enhanced Composites and Structures Centre, Cranfield University*

09:15 Support for graphene technology - *Dr Jacqui Murray, Head of Advanced Materials, Innovate UK*

09:45 TBA - *Dr Bojan Boskovic, CEO, Cambridge Nanomaterials Technology*

10:15 Innovation support and EU business match making - *John Christopher, Senior Innovation Adviser, Enterprise Europe Network*

10:45 Coffee break

11:15 Business models workshop - *Dr Richard Adams, Reader, Bettany Centre for Entrepreneurship*

11:45 Commercial opportunities for graphene - *Dr Robert Quarshie, Head of Materials, KTN*

12:15 Lunch

### **MATCHMAKING**

13:00 B2B brokerage meetings – book at <https://graphene-match.b2match.io>

16:00 Close and Depart

**Innovate UK**
